

## NEXT GENERATION RISK MITIGATION FOR SMBs

### THE INTERSECTION OF GRC AND MDR/XDR WITH WHOLE-STATE VISIBILITY

Fully Integrated Risk, Threat, and Discovery in Real-time

#### CYBER WATCH PLATFORM OVERVIEW

Cytellix solutions deliver awareness and intelligence beyond other managed security services and technologies with our patented Cyber Watch Platform. The intelligence layer correlates risk, so you know what matters most for maximum risk reduction. The addition of built-in compliance frameworks offers consolidated visibility and a true cybersecurity posture score in real-time across GRC and Cybersecurity.

#### The Cytellix Difference – Future-proof Security

Cytellix Cyber Watch Platform	Other Leading Solutions - Artic Wolf and eSentire
Complete turnkey solution	Complete turnkey solution
XDR/MDR	XDR/MDR
Vulnerability <b>management</b>	Vulnerability scanning
AI/ML <b>correlation of threats and threat predictions</b>	AI/ML threats
<b>MSP and SMB Friendly</b>	Large enterprise focus
<b>PLUS:</b>	
<b>GRC</b>	
<b>Framework-based security</b>	
<b>Whole-state visibility</b>	
<b>Significant cost savings vs. leading solutions</b>	

#### REAL-WORLD RESULTS

95% Ticket Reduction
 99% Risk Coverage
 up to 90% Cost Savings

## CYTELLIX COMPETITIVE COMPARISON CHART – VALUE / FEATURES

Feature	Cytellix	Arctic Wolf	eSentire
Standards Based Assessments – Risk Management	✓	⊘	⊘
Vulnerability Scanning as a service	✓ Tenable	✓ Proprietary	✓ Tenable
Vulnerability Remediation w/ workflow automation	✓	⊘	⊘
Real-time network situational awareness	✓	✓	✓
Device, cloud, IP and Network Profiling / Discovery	✓	✓ -	⊘
SIEM As A Service (Threat feeds, User Behavior Analytics)	✓ QRadar & 3 <sup>rd</sup> Party	✓ Proprietary Log Service	✓ Sumo Logic – Cloud Only
Low Friction – Agentless and no appliance required	✓	⊘	⊘
Use case development and automated correlation across vulnerabilities, cyber events, flows, threat feeds, device behavior and user behavior (UBA)	✓	⊘	✓ -
All-inclusive annual subscriptions	✓	✓	✓
Real-time Alerts (Portal, Email, Text)	✓	✓ -	✓ -
Complete dashboard (single pane of glass): Cyber Status, Real-time cyber event ticker, Vulnerability Visualizations, workflows and KPIs	✓	⊘	⊘
SOC As A Service	✓	✓	✓
Portal access to integrated services and visualizations	✓	⊘	⊘
Affordable / Cost Effective Subscription	✓	⊘	⊘
AI/ML Threat hunting and noise reduction	✓	✓	✓
AI/ML Predictive Threats	✓	⊘	⊘
Near real-time critical event identification with remediation recommendations	✓	⊘	✓
Turnkey and customer owned technology (BYOL)	✓	⊘	⊘
Complete Service On-Cloud, On-Prem & Hybrid	✓	⊘	⊘
Full transparency of tickets and status in real-time	✓	⊘	✓
Firewall rules assessment and alert management	✓	⊘	⊘
Markets	Regulated (Supply Chain, Manufacturing)	Mid-Market (Medical Concentration)	SMB+E (Financial Legal, IT)
Pricing	Starting @ \$1,000/m	Starting @ \$1,000/m	N/A
<b>Total Feature Value</b>	<b>21</b>	<b>8</b>	<b>10</b>

### ABOUT CYTELLIX

Cytellix is the only SaaS platform that unites compliance, risk management, and managed detection and response + trusted expertise to maximize results, minimize risk and threats, and cut costs. Patented technology offers the flexibility to meet you where you are – whether that’s GRC, advanced EDR/MDR/XDR capabilities, BYOL licenses, or the whole solution integrated.

**Every security program is unique. We’ve got you covered.**
